

Muhammad Sadiq

FRONTEND DEVELOPER

Karachi, PK | +923152453522 | sadiqsiraj44@gmail.com

Protofolio website

I build production-grade, maintainable, and performant web UIs with reusable components, state management, routing, forms, and server-side rendering. I optimize frontend performance through lazy loading, code splitting, memoization, and caching, and implement secure authentication integrated with REST/GraphQL APIs. I enforce code quality with unit, integration, and E2E tests, static analysis, and clear documentation, and collaborate in CI/CD pipelines and containerized environments while monitoring frontend health with logs and metric.

Experience

Digitalaz Solution | Data Entry Operator Intern | On-site | Aug 2025 – Sep 2025

- Performed product listings and updates on the company's e-commerce platform.
- Ensured product details, prices, and descriptions were accurate and up to date.
- Assisted in organizing digital inventory and maintaining data consistency.

IJK Media | Web Developer Intern | On-site | Oct 2025 – Dec 2025

- Designed and implemented front-end website features using HTML, CSS, and JavaScript, Bootstrap, React, WordPress, Shopify, Phyton PHP.
- Focused on creating responsive layouts and improving user interface experience.

- Collaborated with the team to deliver visually appealing and functional web pages.
